Dear Ms. Melton:

The Department of Mental Health (DMH) has reviewed your response dated March 19, 2024, and we continue to need some additional information for us to proceed in rendering a final determination. The additional information we need is outlined below:

- Given that there has not been requested, nor is there currently available, any additional funding from DMH to support an increase in beds from 5 to 8, how will you pay for the additional beds?

We will look forward to receiving this information, reviewing it, and determining if we have adequate information to rule the application complete. Once we determine that your application is complete, the COA procedures call for us to post the complete application on the web, formally review the application, and issue a decision within sixty (60) calendar days. DMH will attempt to expedite these processes where possible.

Please feel free to contact me with any questions or concerns.

Best,
