

## April, 2024 C-SPSC Meeting

- Due to a snowstorm and connectivity issues, we canceled the C-SPSC meeting on 4/4/2024
- Instead, this document covers all the agenda items.

I've **bolded any ACTION items for committee members.**

### 1. DMH Update on CCBHC by Laura Flint

- Laura is drafting a written update. I will send it out when received.

### 2. DMH Update on Suicide Prevention Strategic Plan

- Director of Suicide Prevention, Chris Allen, is looking for **SPSC members to offer written feedback by Friday, April 19<sup>th</sup>.**
- Feedback is requested on the section called *Facing Suicide Vermont Strategies and Action*
  - Prompting questions for the written feedback:
    - Is there anything that is clearly missing that you feel like should be included?
    - Does it make sense to you? Are the words and language being used, accessible? If someone asked you, what'd you just read – would you be able to tell them?
    - After submission, what would be best way to disseminate/distribute this report to the Vermont public?

### 3. Update on DCF workgroup on Broken Systems, Broken Promises – Laurie Mulhern

- [@Mulhern, Laurie](#) Can you present your update at the May 2<sup>nd</sup> meeting?

### 4. C-SPSC System of Care Recommendations (SOC Recs)

- I propose that we postpone this conversation for after June, at which point we will not have any agencies to review and can potentially prepare this statement, which could be sent to the Local Interagency Team by year's end
