

# The State Program Standing Committee for Children, Adolescent, and Family Mental Health seeks Committee Members

Are you passionate when advocating for mental health services?  
Do you desire to share your experiences when working in mental health?

As one of our Committee Members, you will have the opportunity to do just that.

The SPSC for Child, Adolescent, and Family Mental Health advises the Department of Mental Health on the quality and responsiveness of the services they provide statewide for the child, adolescent, and family mental health population. The SPSC also advises the Department on the appointment of new Directors/Unit directors, and provides its input on program management no less than once a year to the Division Director. The State Program Standing Committee is fully committed to equity and inclusion in the Vermont system of care.

The SPSC is currently seeking candidates who reflect the full diversity of the communities we serve from across the State. Our current Committee is comprised of a passionate, diverse group of individuals from various disciplines and experiences who care about their community and want to promote positive change.

To learn more about becoming a member of, or to attend a State Program Standing Committee meeting, please contact the Department of Mental Health at (802) 241-0090, or email the Quality Team directly at [Puja.Senning@vermont.gov](mailto:Puja.Senning@vermont.gov)
