Agenda Item	Discussion Notes	Next Steps
Updates: <ul style="list-style-type: none"> • Debrief November 19th learning opportunity with Suzie Button <ul style="list-style-type: none"> ○ Orient to the topics she covered 	Updates: NCSS – Planning an in-person training in February, DMH will be supporting the development and training day. HCRS – Kate Lamphere	NEXT STEPS: Credible users will follow up with Kate to share information on how this can work. CANS implementation group (Scott -Rutland & Kate –

- What did you hear from your colleagues?
- ANSA Subcommittee
- Praed Training Website Overview
 - Who has gone into the Praed website and looked at the training?
- Regional

- Has Credible – connecting items from the assessment (ANSA or otherwise) to the treatment plan. Can pull in a Needs list onto the document.
- Built questions in the assessment as “golden thread” questions.

Group reviewed Updated list of Who Provided Input into this ANSA – will send out to the group.

ANSA Subcommittee - First mtg of three scheduled for January 7th. Diane Bugbee did some excellent first pass editing. Alison will bring a full list of items for consideration.

Training

Reviewed the training website. Information on how to access the training website can be found here: [ANSA Training Schoox How To.pdf](#)

If you would like to identify someone from your agency to have administrative access to training information for your agency please contact: Lauren.Schmidt@uky.edu

Alison will reach out to Praed about forgoing the online training videos if you’ve had an in-person training.

Pathways – Looking to start piloting by February

CSAC) working on report building for CANS. Update this group on that development as it will align.

Each agency to identify at least one person to have administrative access to the ANSA training website.

Agencies would like to have Suzie Button back in the Spring and offer a train the trainer at that event. – Cheryle, Alison & Sam to follow up.

	<p><u>NCSS</u> – Looking to start piloting around Feb when VT ANSA Is finalized</p> <p><u>Rutland</u> – Spring/Summer train the trainer for Fall Implementation is current thought</p> <p><u>Howard</u> – Pending VT version being finalized</p>	
Discuss future learning opportunities: what do agencies need for training and support?	<p>Group would like to keep a list of potential areas for efficiencies or removal of previous requirements. DMH is in full support of exploring any and all efficiencies. We invite agencies to reach out to DMH to discuss interest in piloting options for utilizing the ANSA in place of other requirements.</p> <p><u>Redundancy Assessment:</u></p> <ul style="list-style-type: none"> - Embed in the Assessment - Replace the Reassessment - GAF - LOCUS - Connecting Areas of Needs and Strengths to the Treatment Plan - SSOM 	<p>Continue to discuss areas of opportunity for replacing existing requirements as a system.</p> <p>In the interim, any agency can reach out to DMH to discuss piloting use of the ANSA in replacement of another requirement.</p>
Wrap Up and Next Steps	<ul style="list-style-type: none"> - DMH will send out an email prior to the next meeting soliciting suggestions for the next meeting - 1 Idea is to gather common questions and concerns from the field for us to talk through and develop FAQ 	<p>Please email Cheryle, Sam and Alison with questions and concerns coming from staff for us to address at next meeting.</p>
