

Vermont Psychiatric Care Hospital Procedure

Training

Revised: X

Date: 04/07/14

At a minimum, the Vermont Psychiatric Care Hospital training curriculum shall include the below requirements, some of which have different applications to certain categories of staff (i.e. Nursing):

1. Attendance at all VOSHA/OSHA mandated trainings.
2. Successful completion of the competency based Profession Assault Crisis Training (PRO-ACT), as required by law.
3. Successful completion of competency based training in Vermont's Mandatory Reporting Law.
4. Training and education about a patients' rights to confidentiality of their protected health information, including HIPAA, Vermont law, and the AHS Rule on Confidentiality.
5. Other trainings as may be needed and required.
